Notes:

- Matted refers to the white cardboard mount with a foamcore backing. (ie Ready for conventional mounting)
- Aluminium refers to the image being mounted directly onto an Aluminium sheet for a stylish borderless wall mounting effect. This mounting options also includes a super high gloss laminate which adds an extra dimension to the finished product, as well as enhancing the archive life of the print. Prints can be ordered without the Super high gloss laminate, and pricing is available on request.
- All images are available as full colour or black & white prints.
- Additional sizes & print materials are available - pricing on request.
- All prints are printed on fuji flex premium photographic paper for maximum quality and archival life
- Canvas & fine art prints are available on request.
